Wednesday, 14th July 2021

03:00 p.m. – 04:00 p.m. Malaysia time (+8 GMT)

Language: English (with Japanese simultaneous translation)

Dear Client,

HSBC is once again proud to be partnering with the Malaysian Investment Development Authority ("MIDA") and Japanese Chamber of Trade & Industry, Malaysia ("JACTIM") to provide you with an informative webinar that involves an Environmental, Social, and Corporate Governance (ESG) -focused discussion for Japanese Corporates.

As Corporates think beyond "profit", ESG has become the keyword for businesses to thrive. Please join us in an exclusive panel discussion where government and business leaders share views, in a world where sustainability is becoming an integral part of doing business in many countries including Japan. This webinar presents an overview of introduction to ESG, a discussion on what some Japanese Corporates are already doing, how they can further identify and embrace ESG performance and lastly how the Malaysian government and HSBC can play vital roles in helping Japanese Corporates use ESG to generate value for their organizations.

We look forward to having you join us for this insightful webinar!
